

Release Note for VigorAP 912C

Firmware Version:	1.4.13
Release Type:	Normal - Upgrade recommended when convenient
Applied Models:	VigorAP 912C

VigorAP 912C is a ceiling-mount Wi-Fi for business networks. It has a capacity of up to 256 concurrent active users, ideal for a high-density environment such as a BYOD workplace. The low-profile appearance and PoE power supply provide the flexibility in deployment.

New Features

- None.
