VigorSwitch G1282 Web Smart Managed Switch Quick Start Guide

Version: 1.1 Firmware Version: V2.8.0 (For future update, please visit DrayTek web site) Date: September 5, 2022

1. Package Content

VigorSwitch G1282 (without PoE)

Rack Mount Kit (brackets)

Quick Start Guide

The type of the power cord depends on the country that the switch will be installed.

UK-type Power Cord

USA/Taiwan-type Power Cord

EU-type Power Cord

AU/NZ-type Power Cord

If any of these items is found missing or damaged, please contact your local supplier for replacement.

2. Panel Explanation

| LED | Status | Explanation | | |
|------------------------------|---------------------|---|--|--|
| | On (Green) | The switch finishes system booting and the system is ready. | | |
| SYS | Blinking (Green) | The switch is powered on and starts system booting. | | |
| | Off | The power is off or the system is not ready / malfunctioning. | | |
| PWR | On (Green) | The device is powered on and running normally. | | |
| | Off | The device is not ready or is failed. | | |
| RJ45 (LNK/ACT) | On (Green) | The device is connected | | |
| Port 1 ~ 24 | Blinking | The system is sending or receiving data through the port. | | |
| | Off | The port is disconnected or the link is failed. | | |
| Combo Ports | On (Green) | The device is connected | | |
| 25 ~ 28 and SFP (LNK/ACT) | Blinking | The system is sending or receiving data through the port. | | |
| | Off | The port is disconnected or the link is failed. | | |
| Interface | | Description | | |
| RJ 45 LNK/ACT Port 1 ~ 24 | | Port 1 to Port 24 are used for Ethernet connection. | | |
| SFP LNK/ACT Port 25 ~ 28 | | Port 25 to Port 28 are used for fiber connection. | | |
| - | | Power inlet for AC input (100~240V/AC, 50/60Hz). | | |

3. Hardware Installation

Before starting to configure the switch, you have to connect your devices correctly.

3.1 Network Connection

Use the Ethernet cable(s) to connect None-PoE devices to the Vigor switch. All device ports are in the same local area network.

3.2 Rack-Mounted Installation

The switch can be installed easily by using rack mount kit.

- 1. Fasten the rack mount kit on both sides of the VigorSwitch using specific screws.
- 2. Then, install the VigorSwitch (with rack mount kit) on the 19-inch chassis by using other four screws.

4. Software Configuration

VigorSwitch, for example:IP Address:192.168.1.224Subnet Mask:255.255.255.0Default Gateway:192.168.1.254

Before using the switch, perform the following steps:

1. Set up a physical path between the configured the switch and a PC by a qualified UTP Cat. 5e cable with RJ-45 connector.

If a PC directly connects to the switch, you have to setup the same subnet mask for PC and the switch. Default values of the managed switch are listed as follows:

| IP Address | 192.168.1.224 | | |
|-------------|---------------|--|--|
| Subnet Mask | 255.255.255.0 | | |
| DHCP Client | Enabled (On) | | |
| Username | admin | | |
| Password | admin | | |

2. After configuring correct IP address on your PC, open your web browser and access switch's IP address.

| Safety Instructions | Read the installation guide thoroughly before you set up the switch. The switch is a complicated electronic unit that may be repaired only be authorized and qualified personnel. Do not try to open or repair the switch yourself. Do not place the switch in a damp or humid place, e.g. a bathroom. | | | | |
| | Do not stack the switches. The switch should be used in a sheltered area, within a temperature range of +5 to +40 Celsius. Do not expose the switch to direct sunlight or other heat sources. The housing and electronic components may be damaged by direct sunlight or heat sources. Do not deploy the cable for LAN connection outdoor to prevent electronic shock hazards. | | | | |
| | Do not deploy the cable for LAN connection outdoor to prevent electronic shock hazards. Keep the package out of reach of children. When you want to dispose of the switch, please follow local regulations on conservation of the environment. | | | | |
| Warranty | We warrant to the original end user (purchaser) that the switch will be free from any defects in workmanship or materials for a period of two (2) years from the date of purchase from the dealer. Please keep your purchase receipt in a safe place as it serves as proof of date of purchase. During the warranty period, and upon proof of purchase, should the product have indications of failure due to faulty workmanship and/or materials, we will, at our discretion, repair or replace the defective products or components, without charge for either parts or labor, to whatever extent we deem necessary tore-store the product to proper operating condition. Any replacement will consist of a new or re-manufactured functionally equivalent product of equal value, and will be offered solely at our discretion. This warranty will not apply if the product is modified, misused, tampered with, damaged by an act of God, or subjected to abnormal working conditions. The warranty does not cover the bundled or licensed software of other vendors. Defects which do not significantly affect the usability of the product will not be covered by the warranty. We reserve the right to revise the manual and online documentation and to make changes from time to time in the contents hereof without obligation to notify any person of such revision or changes. | | | | |

Regulatory Information

Federal Communication Commission Interference Statement

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

Reorient or relocate the receiving antenna.

Contact Person

- Increase the separation between the equipment and receiver. •
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

19728311600

Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device may accept any interference received, including interference that may cause undesired operation.
